

ORDINANCE NO. 12

Series of 2011

**AN ORDINANCE OF THE TRUSTEES OF THE TOWN OF CARBONDALE,
AMENDING TITLE 7 OF THE CARBONDALE TOWN CODE TO ADD A NEW
CHAPTER 7.21 ENTITLED: “DISPOSABLE CARRYOUT BAG REGULATIONS.”**

WHEREAS, the Board of Trustees has a duty to protect the public health, safety and welfare, including the natural environment and the health of its citizens and visitors; and

WHEREAS, the Board of Trustees finds that the use of all single-use shopping bags (plastic and paper) have severe environmental impacts on a local and global scale, including greenhouse gas emissions, litter, harm to wildlife, atmospheric acidification, water consumption and solid waste generation; and

WHEREAS, despite recycling and voluntary solutions to control pollution from disposable carryout bags, very few disposable carryout bags are recycled, and these bags last decades in the landfill, taking up valuable landfill space; and

WHEREAS, numerous studies have documented the prevalence of single-use plastic bags littering the environment, blocking storm drains and endangering wildlife; and

WHEREAS, approximately two billion (2,000,000,000) single use plastic bags are used annually in Colorado but less than five percent (5%) are recycled; and

WHEREAS, the Town of Carbondale’s taxpayers must bear the brunt of clean-up costs of this litter; and

WHEREAS, of all single-use bags, plastic bags have the greatest impact on litter and wildlife; and

WHEREAS, it is known and documented that disposable paper bags are not environmentally sound alternatives to plastic carryout bags because the production of these types of bags contributes to natural resource depletion, greenhouse gas emissions, and waterborne wastes; and

WHEREAS, the use of disposable paper bags results in greater greenhouse gas emissions, atmospheric acidification, water consumption, and ozone production than single-use plastic bags; and

WHEREAS, from an overall environmental and economic perspective, the best alternative to single-use plastic and paper bags is to shift to reusable bags for shopping; and

WHEREAS, there are several alternatives to single-use bags readily available in the Town of Carbondale and

WHEREAS, the Board of Trustees aims to conserve resources, reduce greenhouse gas emissions, waste, and litter, and to protect the public health, safety and welfare, including wildlife, all of which increase the quality of life for the Town’s residents and visitors; and

WHEREAS, evidence indicates that a vast majority of single use disposable bags are used for the bagging and carryout of products purchased from grocers; and

WHEREAS, studies document that banning plastic bags and placing a mandatory fee on paper bags will dramatically reduce the use of both types of bags; and

WHEREAS, the Board of Trustees believes that residents and visitors should use reusable carryout bags and that a fee on the distribution of paper bags by grocers is appropriate to fund the Town's efforts to educate residents, businesses, and visitors about the impact of trash on the regional environmental health and to fund the use of reusable carryout bags, Town cleanup events and infrastructure and programs that reduce waste in the community; and

WHEREAS, the Town's Environmental Board commits to returning to the Board of Trustees within one year of the implementation date of this ordinance to discuss the successes of the ordinance and provide suggestions for future programs; and

WHEREAS, it is in the best interest of the health, safety and welfare of the citizens and visitors of Carbondale to reduce the cost to the Town of solid waste disposal, and to protect our environment and our natural resources by banning the use of disposable single use plastic bags and to mandate a fee for the use of paper bags at grocery stores.
